[Last Chance to Apply for Antiques Roadshow Wisconsin Tickets!](#)

The ticket application period for *Antiques Roadshow's* visit to Madison closes next Monday, April 20. Apply now for your chance to attend!

Antiques Roadshow producers want WPT viewers to dig out their hidden treasures as the favorite show brings its lights, cameras and appraisers to The Alliant Energy Center in Madison Saturday, July 11.

Roadshow fans can apply to be part of a random drawing for a limited number of free tickets. Complete ticketing rules are available online at pbs.org/antiques or by dialing toll-free 1-888-762-3749. Ticket recipients will be selected at random from all eligible entries.

For more information about the other cities that join Madison for *Antiques Roadshow's* 2009 tour and to sign up for the show's e-newsletter that will provide up-to-the-minute updates on the show's Wisconsin event, visit [the show's official Web site](#).

[University Place Lectures Now Available On Demand Online](#)

One of the highlights of WPT's The Wisconsin Channel has been the advent of *University Place*, a daily collection of academic lectures on topics ranging from the cosmos to hummingbirds.

Those lectures, which are broadcast at 9 a.m. and 3 p.m. each day on The Wisconsin Channel, also are now available for on-demand viewing online.

To find the archived lectures, visit the *University Place* Web site at wpt.org/universityplace.

[Volunteer at this year's WPT Auction](#)

With the arrival of spring comes Wisconsin Public Television's most exciting fundraising event of the year: *Auction!* A post-Memorial Day tradition since 1976, Auction 2009 will kick off Tuesday, May 26 and continue through Sunday, May 31.

With the help of almost 1,000 enthusiastic volunteers, WPT will auction off more than 3,500 items on live television and we need your help.

There is a great volunteer job for people of all ages -- behind the scenes or on camera. Join us and be part of the fun! To sign up, please visit wpt.org/volunteer to see all the jobs and shifts that are available!

PROGRAM UPDATES

[We Shall Remain: American Experience](#)

Begins at 8 p.m. Monday, April 13 (Five 90-minute programs.)
Narrated by Benjamin Bratt, these five documentaries spanning 300 years tell the story of pivotal moments in U.S. history from the Native-American perspective. Watch a series preview by [clicking on this Web site](#).

[WPT Home Theater: Hotel Rwanda](#)

8 p.m. Wednesday, April 15 (121 min.)

Based on true events, Don Cheadle portrays a Rwandan hotel manager who risked his life to save thousands of Rwandan refugees.

[In Wisconsin](#)

7 p.m. Thursday, April 16 (30 min.)

In Wisconsin reports on possible reasons why so many fish were lost to winterkill on the Big Eau Pleine Reservoir near Mosinee, groundbreaking Phenylketonuria (PKU) diet research at the University of Wisconsin-Madison and recent cougar sightings near Spooner.

[Nature: The Loneliest Animals](#)

7 p.m. Sunday, April 19 (1 hr.)

The loneliest animals are the most endangered species on the planet. Collected and protected by dedicated scientists, these animals represent the end of the line for their species. Viewers are taken into high-security, high-tech labs where scientists attempt to breed new generations and into the field to discover what forces have led to the demise of entire species. [Click here for a Web-exclusive video](#).

[NOVA: Car of the Future](#)

7 p.m. Tuesday, April 21 (1 hr.)

How will the car of the future be powered? Will it run on hydrogen, batteries, ethanol or some as-yet undiscovered technology? Tom and Ray Magliozzi of NPR's "Car Talk" fame take viewers on a roller-coaster ride into the world of cars -- examining new technologies and ideas about America's most common form of transportation.

[Jean-Michel Cousteau: Ocean Adventures "Killer Whales"](#)

8 p.m. Wednesday, April 22 (2 hrs.)

The most complex marine species on the planet is the orca, or killer whale. Jean-Michel Cousteau and his team of explorers travel to both the northern and southern hemispheres as they seek out killer whales in the Atlantic and Pacific oceans.
